

FREESTYLE

DRONE DAY BACKPACK

A backpack for larger leisure drones.

The Torvol Day Backpack is a fun and affordable backpack that holds everything you need for a full day of drone flying. Inside its main compartment a drone strap secures a drone with a diagonal wingspan up to 33 cm. Larger drones can be strapped to the outside. Front-, side- and organizer pockets hold your controller, a small laptop, personal belongings, water bottles and more.

Front-, side- and organizer pockets hold your controller, a small laptop, personal belongings, water bottles and more.

WHAT CAN YOU BRING

Stores a drone with a diagonal wingspan up to 33 cm on the inside, a controller, a small laptop or tablet, personal belongings, a water bottle and more.
