## | DRONE EXPLORER BACKPACK

**Explore the world with your compact drone.**

The Drone Explorer Backpack is the best companion on your next adventurous drone weekend. It holds all your DJI Mavic series drone gear (or any similar form factory drone).

The padded space dividers and security straps keep all your valuable gear in place, while the included clothing pouch holds your weekend essentials. Camera gear, laptop, tablet and travel items fit in a variety of organizer pockets and the expandable 10 liter roll top transforms this daypack into a spacious drone travel backpack. All slits, slots, removable dividers and the additional clothing pouch make this backpack a versatile solution to cater to all your needs.

What's more? Torvol's Drone Compact Case fits perfectly inside the main compartment. Traveling with a compact drone has never been more convenient.
